LREC report

This year LREC debriefed regarding Fall 2023's Citizens Law School, then created a new curriculum, identified speakers, scheduled them, and is preparing for the Fall 2024 Citizens Law School, which will include the following 8 zoom sessions:

- 10/2: A Day in the Life of a Montana State Judge - Judges Fehr, Menahan and Snipes Ruiz
- 10/9: Family Law - Sara Berg
- 10/16: Criminal Law - Prof. Andrew King-Ries
- 10/23: Water, Public Land and Property Law - Hertha Lund
- 10/30: AI and the Law - David Steele
- 11/6: The Montana Constitution - Prof. Constance Van Kley
- 11/13: The Federal Judiciary in Montana - Judge DeSoto
- 11/20: Recent US Supreme Court Cases Involving the Presidency - Prof. Anna Conley

The Montana State Bar also continued to utilize a grant from the ABA to assist with the committee's work. It is my understanding that citizens law school was highlighted this year at the National Convention of Bar Presidents in Chicago.
